What is it that is so captivating in this 19th-century dance,  
danced by more and more people throughout the world?

This Tango Experience is an invitation to live beyond this dance,

of self-expression and common creation.

It is a way of being that allows to socialize  
and to create with the other, while integrating diversity.

## **The 8 Conectango® events**

are the steps of a progressive evolution  
that allows to learn technique without neglecting pleasure.

**A weekly proposal over 2 months.**

During each meeting, we explore presence,  
Self-awareness, self-expression,
