The Training in therapeutic Tango
organized by the [SEFCA Université de Bourgogne](#),
under the leadership of France Mourey,
University Professor, [Université Bourgogne Franche-Comté](#), [Inserm U1093](#) Laboratory,
is a real prerequisite
for the « Tango for Seniors » workshops.

This training is open to caregivers and nursing staff in nursing homes...

But also to the people who will lead these workshops: dancers, singers and musicians of
Tango.

What's on?

Lucía Bracco, Physiotherapist and PhD student in environment and health,
will open, with a introduction to the bases in gerontology.

Anne Bramard-Blagny, Author, Director, Producer,
will present the project as a whole,

and **Solange Bazely**, singer and dancer,
will introduce the origins of Tango.

Tango practical teaching,
posture, walking, balance, connection, Abrazo...
will be provided by

Clarissa Machado, Dance Movement Therapist
and Teacher of Tango according to the Dinzel System.

**It is the complementarity of all this knowledge that makes the richness of the
project...**

To be part of it, join the training!
