Thanks

On 26th January, our crowdfunding campaign finished on a high note,  
with 111 contributions and a global amount of 11,780€!

*That is 118% of our initial target!*

We would like to sincerely thank everyone who supported us during this two-months campaign, those who have donated, those who have voted for us during the La Banque Postale's challenge, those who simply have talked about it,

but also those who have shared the project online.

**To this date, the project is followed by 328,801 people on the social networks!**

Thanks to this beautiful energy,  
the project Online Tango for the Elderly will be able to keep on growing.

So one more time, on behalf of the whole team and of the elderly who will benefit from it

***THANK YOU !***

The two musicians decided to express their joy, making a funny cover!

A fun time for all of those who have helped the project...

**Here is a nice insight of what activity leaders and seniors in retirement homes can manage to settle, by absorbing the exercises taught by the Tango dancers, during the ONLINE workshops they followed only!**

Even remotely, Tango for the elderly is a compendium of happiness.

**Altogether, this video has touched nearly 12,000 people and was watched 1,179 times on YouTube!**

**La Chocolaterie de Bourgogne keeps on sending rewards to the best testimonies.**

*With the support of « G erontop le Pierre Pfitzenmeyer » and « Transmission and Fraternity Fund »*
